## Part 1

### 1. Introduction

#### 1.1 Procurement Policy on Bribery and Corruption

**Central Securities Clearing System (CSCS) Plc** strictly adheres to professional work ethics and emphasizes zero tolerance for bribery and any other forms of corruption. It is our policy that service providers involved in offering bribes will be disqualified and excluded from any potential engagement opportunity.

#### 1.2 Executive Summary of Project

This RFP is an invitation to prospective proponents to submit proposals for best fit governance, risk and compliance solution.

The successful company should be able to provide the required software features categorized as per functional and technical requirements.

The purpose of this RFP is to seek information from potential bidders with the intention to establish an agreement between CSCS and the successful bidder. The contract that follows this

process shall bind CSCS and the successful bidder to perform in a specific way, for an agreed duration to be agreed in the contract, in the event of the formation of the same.

## 2. Terms Governing This RFP

2.1 Recipients of this RFP are required to read all the information supplied and have a clear understanding of Central Securities Clearing System Plc requirements. Further information can be made available by contacting the nominated people listed in this RFP. The GRC solution is to meet the *functional, technical, compliance, user, integration, and maintenance requirements outlined below to effectively streamline the internal audit process, enhance audit productivity, and ensure compliance with regulatory standards.*

2.2 It is a condition of this RFP that all mandatory requirements (indicated in the body of text by the word "must" or expressed or implied accordingly) are met in full. The contents of proposals must satisfy the mandatory requirements as specified in this RFP as failure to comply may lead to the disqualification of the Proposal. The contents of proposals must be submitted in the same order as that specified in this RFP.

2.3 Pricing should include details of all costs related to software, required hardware, conversion of existing data, installation, training, final implementation, and annual support costs.

2.4 All communication relating to this RFP must be directed to the specified key contact persons listed in this RFP. All other communications between a respondent and CSCS staff concerning this RFP are prohibited. In no instance is a respondent to discuss cost information contained in a proposal with the CSCS contact persons or any other staff prior to proposal evaluation. Failure to comply with this section WILL result in disqualification of the proposal.

2.5 Except otherwise determined by the Procurement Committee and Management, the family members/blood relations of employees and/or fulltime Consultants (i.e. consultants working exclusively with CSCS on a retainer basis) of CSCS are generally not allowed to participate in the RFP process. However, where the Vendor has blood relationship with employees and/or full-time Consultants, such Vendor must expressly make such declaration and bring it to the notice of CSCS. If the declaration/notification is not done or brought to the attention of CSCS and the Vendor is awarded the Contract, the contract shall be terminated and CSCS shall be entitled to claim damages apart from engaging any other consultant/vendor at the cost and risk of defaulting consultant. It is clarified that the term full time Consultants of CSCS does not refer to agencies/people, which may have been shortlisted for an assignment/project of CSCS through an RFP process.

2.6 Central Securities Clearing System (CSCS) Plc will select the successful proposal based upon

several evaluation factors including features outlined in the RFP; company stability, experience executing similar projects; implementation plan and price. The selection will be decided based on the proposal submitted by a qualified vendor that best meets the needs of CSCS. CSCS reserves the right to reject any or all proposals without recourse to the bidder(s).

2.7 This RFP is a request for proposal for the best fit governance, risk & compliance solution. It is not a contract, and no contractual obligations shall arise on behalf of CSCS. CSCS will not be liable for any costs incurred in the preparation and submission of a response to this RFP.

2.8 CSCS shall deduct Withholding Tax from payments to service provider (successful bidder) to account for that tax to the local tax authorities. Any agreement with the successful bidder shall be subject to CSCS being entitled to make these deductions so that CSCS will not bear an unnecessary additional cost. Service providers can usually claim a credit against their tax liabilities in respect of Withholding Tax deducted by CSCS.

2.9 In addition to submitting a proposal in response to this request, all proposals should be sent with written confirmation that there are no conflict-of-interest issues that will prevent the firm from taking up this engagement.

2.10 CSCS shall evaluate proposals based on their responsiveness to the requirements of this RFP as outlined above. Each responsive proposal will be given a score. A proposal shall be rejected at this stage if it fails to respond to the requirements. The shortlisted vendors shall be invited for an oral presentation before a Committee of CSCS representatives. The vendor with the highest score after the final presentation will be invited for negotiations.

Negotiations will be held with the aim of reaching an agreement on all points and subsequently engage the successful vendor. If negotiations fail, the vendor with the second highest score will be invited to negotiate an agreement.

After negotiations are completed, CSCS will promptly notify other vendors on the shortlist that they were unsuccessful.

## C. STATEMENT OF REQUIREMENTS

### 1.0 INTRODUCTION

#### 1.1 Background

The Central Securities Clearing System (CSCS) Plc. was incorporated on July 29, 1992, as a Financial Market Infrastructure (FMI) for the Nigerian Capital Market. It was commissioned in April 1997 and operations commenced on April 14, 1997. On the 16th of May 2012, CSCS became a Public Liability Company (PLC) by a special resolution.

Central Securities Clearing System (CSCS) invites qualified and reputable Health Maintenance Organizations (HMOs) to submit proposals for the provision and management of a comprehensive health insurance scheme for its employees and their dependents. The selected HMO will be responsible for ensuring employees and their dependents have seamless access to quality healthcare services, providing effective claims administration, and delivering exceptional customer service.

CSCS is a financial infrastructure committed to providing a safe, efficient, and reliable clearing and settlement platform. As part of its commitment to employee welfare, CSCS is seeking to engage a competent HMO to administer a robust and efficient health insurance scheme tailored to meet the diverse healthcare needs of its workforce. The selected HMO must ensure the provision of a broad range of medical services, including primary healthcare, specialist consultations, diagnostic procedures, surgeries, and emergency medical care.

## 1.2 Scope of the Request for Proposal (RFP)

The selected HMO will be expected to provide, but not be limited to, the following services:

- Comprehensive health insurance coverage for employees and their registered dependents, ensuring access to both primary and specialized healthcare services.
- Access to an extensive and well-distributed network of hospitals, clinics, laboratories, diagnostic centers, and medical specialists across the country.
- Provision of preventive healthcare services, including annual medical check-ups, immunization programs, health screenings, and wellness initiatives such as fitness programs and health education workshops.
- 24/7 customer support with dedicated personnel and channels to handle queries, complaints, and emergency healthcare needs efficiently.
- Seamless claims processing, reimbursement mechanisms, and clear procedures for dispute resolution.
- Periodic performance evaluation reports and detailed account management services to ensure transparency and optimal service delivery.
- Establishment of a real-time electronic database system for managing enrollees' healthcare records, service utilization tracking, and reporting.
- Emergency medical response services, including ambulance transportation and critical care support.
- Implementation of digital healthcare solutions such as telemedicine, electronic referrals, and digital appointment scheduling.
- Regular training and sensitization programs for employees on healthcare management and best practices.

## 2.0 PROJECT OBJECTIVES AND PURPOSE

### 2.1 Project Objectives

Eligibility	Criteria
Interested HMOs must meet the following criteria:	

• Be duly registered and licensed by the National Health Insurance Authority (NHIA) and other relevant regulatory bodies.	
• Have a minimum of five (5) years' experience in managing corporate health insurance schemes with a proven track record.	
• Have an extensive network of accredited healthcare providers in key locations across Nigeria.	

- Demonstrate strong financial stability and the operational capability to support a large workforce.
- Provide references from at least three (3) corporate clients currently under their management.
- Possess a robust IT infrastructure for seamless service delivery, including claims processing and customer engagement platforms.
- Offer value-added services such as wellness programs, health education, and employee engagement activities.

## Proposal

## Requirements

Interested HMOs are required to submit proposals that include:

- Company profile detailing experience, organizational structure, and management team.
- Overview of proposed health insurance plans, including coverage options, limits, and exclusions.
- Detailed list of accredited healthcare providers, including hospitals, clinics, and diagnostic centers.
- Service level agreements (SLAs), including response time for claims processing, emergency care, and customer support.
- Cost structure, premium breakdown, and payment options for various coverage plans.
- Value-added services, including wellness programs, employee health education initiatives, and digital healthcare solutions.
- References from at least three corporate clients, including contact information for verification.
- Evidence of regulatory compliance and relevant certifications.

## 2.2 Timeframe for Completion

Please provide a timeframe for completion of the project. This timeframe will be evaluated. Be advised that timeframes will be part of the contractual agreement; therefore, a realistic timeframe for completion should be provided.

## D. METHODOLOGY/DESCRIPTION OF THE SOLUTION APPROACH

In this section, the Bidder will provide a comprehensive description of how it will provide the required services. Information provided must be sufficient to convey to CSCS that the Bidder has

enough understanding of the effort required to provide the requested services and that it has an approach, methodology and work plan to overcome possible challenges.

Your technical proposal should include, among others, the following:

- I. An overview of the proposed solution, and a brief description of how the solution will be implemented.
- II. Solution low level designs
- III. Documentation and description of related services
- IV. Explanations for deviations (if any)

#### **E. PRICE SCHEDULE**

Note: Financial proposals must clearly indicate the following:

- a. Total cost of implementing the solution, which must include the cost of any additional hardware/software required for a successful implementation.
- b. VAT and other taxes must be indicated separately.
- c. All costs must be in Naira.
- d. The quotation should have a validity period of at least 90 days.
- e. Completion/Delivery period should be indicated. Project implementation schedule should be shared separately.
