1.0 INTRODUCTION

1.1 Procurement Policy on Bribery and Corruption

Central Securities Clearing System (CSCS) Plc strictly adheres to professional work ethics and emphasizes zero tolerance for bribery and any other forms of corruption. It is our policy that service providers involved in offering bribes will be disqualified and excluded from any potential engagement opportunity.

1.2 Executive Summary of Project

This RFP is an invitation to prospective service providers to submit proposals for quality assurance for the implementation of key solutions in CSCS.

CSCS is at an advanced stage in the implementation of various projects, mainly information technology projects, involving the development and deployment of software solutions and infrastructure. These include:

- Enterprise Resource Planning Solution
- Data Warehouse
- Hyper-converged infrastructure

To provide quality assurance, CSCS invites proposals for an evaluation of the implementation of these solutions. The selected service provider shall conduct a structured independent review to determine whether project deliverables meet functional requirements and organizational needs.

2.0 TERMS GOVERNING THIS RFP

2.1 This RFP is a request for proposal for **Quality Assurance Evaluation of Solution Implementation within CSCS**. It is not a contract and no contractual obligations shall arise on behalf of CSCS. CSCS will not be liable for any costs and expenses incurred in the preparation and submission of a response to this RFP.

2.3 It is a condition of this RFP that all mandatory requirements (indicated in the body of text by the word "must" or expressed or implied accordingly) are met in full. The contents of proposals must satisfy the mandatory requirements as specified in this RFP as failure to comply may lead to the disqualification of the Proposal.

- 2.4 CSCS will select the successful proposal based upon several evaluation factors including features outlined in the RFP; company stability, experience executing similar projects; and price. The selection will be decided based on the proposal submitted by a qualified vendor that best meets the needs of CSCS. CSCS reserves the right to reject any or all proposals without recourse to the bidder(s).
- 2.5 Pricing should include details of all costs related to the provision of the required services and engagements to CSCS.
- 2.6 All communications relating to this RFP must be directed to the email address provided in this RFP. It is clarified that the term full time Consultants of CSCS does not refer to agencies/people, which may have been shortlisted for an assignment/project of CSCS through an RFP process.
- 2.8 CSCS shall deduct Withholding Tax from payments to service provider (successful bidder). Service provider can request for a credit note to confirm remittance of the taxes by CSCS.
- 2.9 In addition to submitting a proposal in response to this request, all proposals should be sent with a written confirmation that there is no conflict of interest issues that will prevent the firm from taking up this engagement.

an oral presentation before a Committee of CSCS representatives. The vendor with the highest score after the final presentation will be invited for negotiations.

Negotiations will be held with the aim of reaching an agreement on all points and subsequently engage the successful vendor. If negotiations fail, the vendor with the second highest score will be invited to negotiate an agreement.

C. STATEMENT OF REQUIREMENTS

1.0 INTRODUCTION

1.1 Background

The Central Securities Clearing System (CSCS) Plc. was incorporated on July 29, 1992 as a Financial Market Infrastructure (FMI) for the Nigerian Capital Market. It was commissioned in April 1997 and commenced operations on April 14, 1997. On the 16th of May 2012, CSCS became a Public Liability Company (PLC) by a special resolution.

The Securities and Exchange Commission issued the license for CSCS to carry on business as Central Depository, Clearing and Settlement entity for transactions in the Nigerian Capital Market. It operates a computerized depository, clearing, settlement and delivery system for transactions in securities in the Nigerian Capital Market.

CSCS facilitates the delivery (transfer of securities from seller to buyer) and settlement (payment of bought shares) of securities transacted on the approved Nigerian Exchanges. It enables securities to be processed in an electronic book entry form thereby substantially reducing the period it takes a transaction to commence and end.

CSCS has made visible strides in the Nigerian Capital Market and will continue to respond to the needs of the securities and commodities market to further enhance transparency and speedy settlement of transactions.
